## About the Speaker & Sessions

### Malcolm Horn LCSW, MAC, SAP, NCIP

Malcolm started her career working with the elderly and adults with disabilities. She has over 10 years of progressive clinical experience working with the complex diagnoses that often accompany addictions and co-occurring disorders. She started working specifically with addictions in 2006 when she moved to Billings and started working at Rimrock.

She coordinates the continuing education for licensed staff, ensuring they have opportunities to appropriate continuing education units to improve their skills and ability to meet the needs of clients. She also supervises and coordinates the internship program and ensures all learning objectives are met. She also provides educational lectures and workshops to patients and community members and also conducts adjunctive group, family, and individual therapy.

Malcolm received her Master's in Social Work from Walla Walla College. She is a LCSW and is licensed by the state of Montana as an Addiction Counselor. She also has accreditation from the NAADAC as a MAC. She is a SAP certified by the DOT through NAADAC as well as the only nationally certified intervention professional (NCIP) in Montana. She is the Immediate Past-President of the Montana Association of Drug and Alcohol Counselors and RVP of NAADAC. She is the president-elect of the Montana chapter of the National Association of Social Workers and she teaches two courses at Montana-State University-Billings. She recently decided she needed a hobby and is working on her Ph.D.
